We now have two water meters and we will start getting water bills. It was moved, seconded, and passed to approve the budget as presented. If the budget ends up to be insufficient, we may have to adjust it during the year.

Dumpsters were discussed. It was reported that there is a problem with neighbors putting their trash in our dumpsters. Mr. Holmes offered to pay for a nice ornamental latch – maybe on swinging doors. Michael Hirsch will find one.

Snow was a concern to some of the owners. The shoveling of sidewalks and plowing of parking lots and driveways will be contracted out. Problems include the fact that we can't back drag and there is not a lot of space for storage of snow.

Irrigation system – Summit Landscaping has been taking care of the irrigation system, but they need a drawing of the system. Michael Hirsch will get the drawing.

Mr. Holmes requested that the liability insurance be increased from one million to two million. Everyone agreed.
